	grammatical reading demands in the L2 classroom and their effect on learners'
	comprehension
2021-2024	Margot Fonteyne prepares a PhD on Machine Translation for second language learning
2019-2024	Jasper Degraeuwe prepares a PhD on Intelligent Computer-Assisted Language Learning
	(ICALL)
2017-2021	Bram Vanroy defended his PhD in the framework of the PreDicT project (Predicting
	difficulty in translation)
2018	Randy Scansani (visiting PhD student)
2014-2018	Arda Tezcan defended his PhD in the framework of the IWT SBO SCATE project on
	confidence estimation for machine translation
2012-2016	Joke Daems defended her PhD in the framework of the HOF 2012-2016 ROBOT project on
	the process and quality of manual translation and the post-editing of machine translations

OBTAINED PRIECTS & RESEARCH GRANTS

2023-2025 MaTIAS: Machine Translation to Inform Asylum Seekers

Lead applicant: July de Wilde; co-applicants: Lieve Macken & Katrijn Marijns

Funding agency: AMIF (Fonds voor asiel, migratie en integratie)

Budget: 392.820€

2023	Machine translation evaluation in the context of scholarly communication Lead applicant: CrossLang; subcontractor LT3 (Lieve Macken & Arda Tezcan)
	Funding agency: French Ministry of Higher Education and Research; Budget: 10.000€
2022-2023	Measuring cognitive activity via EEG and eye tracking during language processing Lead applicant: Evy Woumans; co-applicants: Lieve Macken, Bart Defrancq & Rob Hartsuiker
	Funding agency: Special Research Fund Ghent University: basic infrastructure Budget: 105.595€
2022-2023	MATEO: MAchine Translation Evaluation Online
	Lead applicant: Bram Vanroy; supervisors: Lieve Macken & Arda Tezan
	Funding agency: CLARIN.eu (Bridging Gaps proposal) Budget: 50.057€
2022-2024	Developing user-centered approaches to technological innovation in literary translation Lead applicant: Paola Ruffo; supervisor: Lieve Macken
	Funding agency: Horizon Europe (HORIZON-MSCA-PF) Budget: 175.920€
2021-2024	WiLMa: Writing in second language with machine translation
	Lead applicant: Margot Fonteyne; supervisors: Lieve Macken, Joke Daems & Maribel Montero Perez
	Funding agency: Special Research Fund Ghent University: doctoral mandate
2020-2024	IVESS: Intelligent Vocabulary and Example Selection for Spanish vocabulary learning Lead applicant: Jasper Degraeuwe; supervisors Patrick Goethals, Lieve Macken & Arda Tezcan
	Funding agency: FWO: doctoral mandate
2020-2022	MUTUALIST: Machine translation with User-specific Training and User-specific Adaptation
	for Literary texts: impact on Individual Style in Translation
	Lead applicant: Joke Daems; supervisor: Lieve Macken
	Funding agency: Special Research Fund Ghent University: post-doctoral mandate
2021-2023	Dynamic adaptation of neural machine-translation systems through translation exemplars
	Lead applicant: Arda Tezcan; supervisor: Lieve Macken
2018-2021	Funding agency: FWO: post-doctoral mandate The Experimental Interpreting Lab. A state of the art interpreting lab for callaborative.
2018-2021	The Experimental Interpreting Lab. A state-of-the-art interpreting lab for collaborative research on interpreting and translation
	Lead applicant: Bart Defrancq; co-applicants: Lieve Macken, Wouter Duyck, Bart Desmet & Evy Woumans
	Funding agency: FWO Medium-scale research infrastructure
	Budget: 300.000€
2017-2021	PreDicT: Predicting Difficulty in Translation
	Lead applicant: Lieve Macken
	Special Research Fund Ghent University: starting grant
	Budget: 213.600€
2017-2021	ArisToCAT: Assessing the Comprehensibility of Automatic Translations
	Lead applicant: Lieve Macken
	Funding agency: FWO junior project
2016	Budget: 253.508€ The European Parliament Parallel Intermodal Corpus Ghent (EPPIC-G)
2010	Lead applicant: Bart Defrancq
	Funding agency: BOF (Special Research Fund, basic equipment), Ghent University
	Budget: 84.395€
2015	ConVerGENTiecorpus. Een referentiecorpus voor taalvergelijkend onderzoek aan de UGent
	Lead applicant: Peter Lauwers (Ghent University)

Funding agency: Scientific Research Committee, Faculty of Arts and Philosophy, Ghent

University Budget: 55.450€

2014-2017 Smart Computer-Aided Translation Environment (SCATE)

In collaboration with KU Leuven, Thomas More Antwerpen and Universiteit Hasselt

Funding agency: IWT SBO 130041

Budget UGent: 519.250€

2012-2016 A translation robot for each translator? A comparative study of process and quality of

manual translation and the post-editing of machine translations

Lead applicant: Lieve Macken; co-applicants: Sonia Vandepitte & Rob Hartsuiker

Funding agency: HOF (Research Fund) University College Ghent)

Budget: 235.165€

2011-2012 TEXSIS: Terminology Extraction for Semantic Interoperability and Standardization

Lead applicant: Véronique Hoste (University College Ghent); co-applicant: Lieve Macken

Funding agency: IWT Tetra Fund

Budget: 392.149€

2006-2009 Dutch Parallel Corpus (DPC)

Lead applicant: Piet Desmet (Katholieke Universiteit Leuven Campus Kortrijk); co-

applicants: Willy Vandeweghe, Lieve Macken, Hans Paulussen

Funding agency: STEVIN (Dutch-Flemish Research Programme for Dutch Language and

Speech Technology) Budget: 498.000€

TEACHING ACTIVITIES

2006–2014 Localisation, Website Management, Technical Translation, Computer-assisted Translation,

Language Technology (Faculty of Applied Language Studies, University College Ghent)

2014–2021 Introduction to translation technology, Localisation, Machine Translation and Post-editing

(Department of Translation, Interpreting and Communication, Ghent University)

Introduction to translation technology, Machine Translation and Post-editing, Dissertation

I, Dissertation II, Research seminar

PROFESSIONALISATION

2021-2024

2014-2024 Training sessions offered by Ghent University: teacher training course

(basisdocententraining), peer assessment, presentation techniques, Turning Point, coaching PhD students, stress management, video training, Turning Point (refreshment course), solution-oriented working, directing difficult conversations, effective selection using the STARR methodology, feedback to large groups, the active bystander training, presentation techniques II, grant writing: key essentials, multiple choice training, suicide prevention, introduction to linear mixed modelling, coordinator training Horizon Europe

ORGANISATION OF SCIENTIFIC MEETINGS

2007 Atila workshop, Het Pand, Ghent, November 14

2018 Atila workshop, Monasterium PoortAckere, Ghent, December 6-7
2021 Computational Linguistics in the Netherlands (CLIN), online, July 9th

2022 The 23rd Annual conference of the European Association of Machine Translation, Ghent,

June 1-3

2024 1st Workshop on Creative-text Translation and Technology (co-located with EAMT 2024),

Sheffield, June 27

INSTITUTIONAL RESPONSIBILITIES

2008–2013 Member of the Study Programme Committee Master's in Translation, Faculty of Applied Language Studies, University College Ghent

2011–2013	Member of the Faculty Board, Faculty of Applied Language Studies, University College Ghent
2014–2019	Member of the Study Programme Committee, Department of Translation, Interpreting and Communication, Ghent University
2014–2022	Operational head of the Language Technology section, Faculty of Applied Language Studies, Ghent University
2018-2022	Member of the Faculty Board, Faculty of Arts and Philosophy, Ghent University
2014 –	Member of the Research cell, Department of Translation, Interpreting and
	Communication, Ghent University
